Books, New	42, 96, 142, 206
------------------	------------------

C

Canada's Challenge: In Flanders Fields	94
--	----

Character-Building Content of Arithmetic	36
Coaxial Minors of a Circulant, Some Relations Connecting the Sums of the	90
Committee to Recommend a Suitable Program in Mathematics for the Junior High School, Report of the	133
Correlation of Efficiency in Secondary Mathematics and Efficiency in other High School Branches, A Statistical Study in	172
Course in Mathematics, Introductory	105
Courtis Tests in Arithmetic	121

E

Efficiency in Secondary Mathematics and Efficiency in other High School Branches, A Statistical Study in Correlation of.....	172
Errors, Arithmetical, made by High School Pupils	80

F

First Year Algebra, as Developed in the Academic High School, New Britain, Conn.	115
Flanders Fields, In: Canada's Challenge	94

G

Geometric Illustration of Limits, A	34
Geometric Representation, A	9

I

Indeterminate Forms in Trigonometry	118
Introductory Course in Mathematics	105

L

Limits, A Geometric Illustration of	34
---	----

M

Mathematical Ability, Their Scope and Significance, Tests of	145
Mathematical Recreation, A	177
Mathematical Requirement, The Reconstruction of the	26
Mathematical Tests: Their Relation to the Mathematics Teacher....	199
Mathematics, War Problems in	61

N

New York State Regent's Syllabus in Intermediate Algebra, The ..	1
Non-college Preparatory Students, Suggestions for Course in Mathematics for	165
Non-Euclidean Geometry, Philosophy and	196
Notes and News	43, 101, 143, 208

INDEX.
